Discussion for possible enhancements to
the team registration process:

*How can we ensure greater accuracy of
information and enhance the coaching
experience?*

REC Foundation staff with recent personal experience with both the REC Foundation team registration process and other robotics programs' team registration met briefly to brainstorm and share:

- **Pros and Cons of each**
- **Additional 'nice-to-haves'**

The Challenge

Accuracy of information for:

- Adults: names, email addresses, event day phone numbers
- Organizational addresses
- Students: names, ages (eligibility), consent forms
- RobotEvents account credentials
- Consent Forms and Background Checks

Improved Ease-of-Use (User Interface)

Communications Functionality

Some Ideas

What would be helpful to you?

- Coach can accept or decline a student
- Parent/guardian communication from coach RE account
- Coach acknowledgement of <G4> when moving students between teams
- Acknowledgement of REC Foundation policies by parents/guardians when registering
- Changelog features
- Designated student contact for high school/college
- Eligibility checker

Contact

We are here for you

Event Partners are the core of our competition program here at the REC Foundation. Please reach out to us with any questions or concerns. Thank you for all of your support.

Address

1519 Interstate 30 West
Greenville, Texas 75402
