

APPLY NOW

Excellence in Robotics and Beyond

The International Robotics Honor Society recognizes high school students for excellence, not only for their efforts on the competitive robotics teams, but for academics, personal character, and community service.

APPLICATION DEADLINE
JANUARY 30TH, 2026

High schools with established robotics programs are eligible to apply for chapter membership in the honor society.

Students who demonstrate exceptional academic achievement have the opportunity to apply for membership in their local chapter of the International Robotics Honor Society. Membership recognizes students for their dedication and accomplishments in high school robotics programs and competitions, while also honoring their commitment to academic excellence, leadership, character, and service. Inducted members may earn special graduation honors that reflect their outstanding contributions to STEM education and the robotics community throughout their high school careers.

Earn graduation honors in competitive robotics

Academics

Promoting academic excellence

Character

Advancing character development

Community

Elevating students participation

Service

Encouraging service engagement

How to join the IRHS

Public and Non-public secondary schools that are accredited or approved by state departments of education or by accrediting agencies approved by NASSP are eligible to apply for local chapter at recf.org/irhs.
