

Final Award Nominee Ranking Sheet

This form is a tool for the judge advisor to record the ranked candidates for each award. The blank columns will indicate any additional awards given at the event. A team can appear in multiple award categories. Excellence Award candidates are developed by considering engineering notebook scores, team interview scores, and on-field performance rankings. If more rankings are needed beyond the five fields provided below, or if there are additional awards being judged, a second sheet should be used.

It is important that there are multiple ranked candidates for each award. The selection of the Excellence Award winner may cause other award winners to change, as each team can only earn one judged award at an event.
