

Effective Date: _____

Event Name (Optional) _____

Innovate Award Submission Form

Instructions for the team: Please fill out all the information below, printing clearly. This form should be included either behind the front cover, or in a clearly marked section in your engineering notebook. Teams may only submit **one** aspect of their design to be considered for this award at each event. Submission of multiple aspects will nullify the team's consideration for this award. The date and event name fields above exist to help differentiate different forms permanently included in a notebook for archival purposes. Teams may consider putting a diagonal line through past entries.

Full Team Number: _____

Brief description of the novel aspect of the team's design:

Identify the page numbers and/or the section(s) where documentation of the development of this aspect can be found:

Explain why your submission is unique from other approaches to the problem it solves or task it performs:
